Web Scraping and Python Automation Expertise | Data Scientist
| Freelance Data | Helping People Become Data Professionals |
Helping Clients with AI, Data Projects
Dhaka, Bangladesh

Summary

tanvirafra1@gmail.com
My services and what I do and did:

Python Web Scraper , Scraping using API, Image scraping
Python bot, Python Automation and Python GUI Apps
Data cleaning , Data analysis ,Data Visualization, Sentiment analysis
and NLP
Excels, SQL, Python , Pandas
Twitter , Linkedin , Youtube , Facebook , Instagram scraper
Booking.com, Udemy, Amazon.com scraping
A couple of university websites scraping

I feel comfortable with Python web scraping and automation tasks as
it is quick and best suit my ethics and my clients demands.
Now I am a web scraper and data scientist.

Transforming data into opportunities, one Python script at a time! As
a skilled Python web scraper and automation enthusiast, I specialize
in providing business owners and data clients with clean, bulk data
and powerful automation scripts. Follow along for a data-driven
journey where insights turn into actionable strategies. Let's redefine
success together! #
